PLATINUM JUBILEE CELEBRATIONS PROGRAMME AT A GLANCE

The Department of Aerospace Engineering was founded in the year 1942 and has been in existence for 75 glorious years for the service to the nation. Over the last 75 years, the department has made significant and seminal academic contributions to the field. The department's contributions to the Aircraft, Space and Defence programs are well known and well documented. This year, in the International ARCW (Shanghai) ranking, Department is ranked 31st best Aerospace Department in the world. Today, the department is rated best in the country for its students, scholarship and infrastructure. All of these were made possible by the students who have passed out from this department and the outstanding faculty.

The Alumni are the face of this Institute and they have in the past contributed a lot to the department and to the Institute. From endowment for scholarship, to funds for research improvements, to research labs, the Institute and the department owes a lot our past students. In order to celebrate this great occasion, the department has organized a two day Platinum Jubilee celebration on December 14-15, 2017. This will be followed by the Institute Global Alumni Conference, to be held on December 16-17, 2017. The Platinum Jubilee has a number of events that include exhibition on the department, a Technical Seminar on Aerospace Science and Technology and the Award function, wherein the department will be honouring 65 of the former faculty and the Distinguished Alumni with the Platinum Jubilee Award.

The Technical Seminar of Aerospace Science and Technology consists of technical talks on the technical contributions made by the department's students and its faculty in academics and to the nation's major national programs in Aircraft, Space and Defence. The Talks will be given by leading current and former scientists from DRDO & ISRO and by the department's former faculty. The detailed Platinum Jubilee program is provided here.

It is expected that over 200 alumni from the department are expected to participate in the event. This is an opportunity for the Alumni to see the new Aerospace Engineering Department, take a look at the work performed at various labs in the department, meet your professors, visit your hostels, meet with the students who are currently staying in the rooms where you were staying and mentor the current students.

December 14, 2017

Inauguration of Technical Seminar "Aerospace Science and Technologies" By Director, IISc, Prof. Anurag Kumar Venue: Faculty Hall, Main Building, IISc	9.30 - 10.00 AM
Technical Sessions Venue: Faculty hall, Main building, IISc	10.0 - 11.00 AM
Tea/Coffee	11.00 - 11.30 AM
Technical seminar sessions Venue: Faculty Hall, IISc	11.30 - 1.0 PM
Lunch Venue: A.E. Department	1.15 - 2.00 PM
Inauguration of New premises of Center of excellence of Hypersonics and the Exhibition on Aero Department and Satish Dhawan by Dr Sudhir Mishra, CEO, Brahmos Aerospace Company and Prof. Anurag Kumar Venue: AE Department, IISc	2.15 - 3.15 PM
Tea/Coffee	3.15 - 3.45 PM
Book Release: HS Mukunda's Book on Understanding Air and Space Vehicles: Venue AE Auditorium Dinner: Venue: IISc Guest house Lawns	3.45 - 4.45 PM 7.30 PM

December 15, 2017

Technical seminar sessions Venue: Faculty hall, IISc	9.30 - 11.00 AM
Tea/coffee Venue: Main building, IISc	11.00 - 11.30 AM
Technical seminar sessions Venue: Faculty hall, IISc	11.30 - 1.00 PM
Lunch Venue: A.E. Department	1.15 - 2.00 PM
Platinum jubilee award function Chief Guest: Dr Satish Reddy, SA to RM Venue: Faculty hall, IISc	2.30 - 4.30 PM
Tea/coffee	4.30 - 5.0 PM
