

Vision

IISc aims to be among the world's foremost academic institutions, through the pursuit of research excellence and the promotion of innovation, by offering world class education to train future leaders in science and technology and by applying science and technology breakthroughs for India's wealth creation and social welfare.

Mission Statement

Our mission is to realize this vision by:

- Imparting world class higher education in an environment of fundamental and applied research in science and engineering
- Conducting high impact research, generating new knowledge, and disseminating this knowledge by publications in top journals and conferences
- Applying faculty expertise towards the success of national science and technology initiatives
- Applying deep knowledge in various areas to create knowhow, and by developing such knowhow for utilization by industry and society
