3	Desktop computer with Intel core i7, 1TB hard drive, 16 GB RAM, Ubuntu, with 19.5" Monitor, USB keyboard and optical mouse	32 no.

### Instructions to the bidders

#### 1. Two-cover format

The quotations should be submitted in a two-cover format comprising a technical part and a commercial part. The envelopes should be sealed and marked clearly as “Envelope No. 1 – Technical Bid” and “Envelope No. 2 – Commercial Bid.” The two sealed envelopes must be put in a bigger cover, which should also be sealed and contain the tender number and due date. On the bigger cover should be super-scribed “AI Labs for M.Tech. Students.” All the covers should bear the name, complete postal address, and contact mobile phone/landline number of the bidder.

#### 2. Technical bid

The technical bid should contain (i) the unpriced bill of material with quantities of each line item and (ii) a datasheet for the product/model suggested. Any deviations from the required specifications must be mentioned explicitly. The technical bid should not contain any price information. Non-compliance will lead to a rejection of the bid at the discretion of the technical evaluation committee.

#### 3. Commercial bid

The commercial bid must include the price of the item in Indian/foreign currency, indicating CIP, installation and commissioning, warranty and maintenance charges, applicable taxes, GST, and total. The prices must be given for each line item separately. Bundling of prices is not acceptable. Installation and commissioning charges, if any, must be quoted as a separate line item -- these will be paid only after successful supply, installation, and acceptance.

#### **4. Warranty terms**

- Warranty services for the system supplied by the successful bidder should be valid for a period of one year from the date of acceptance of the equipment. Additional warranty for the second and third years must be quoted as separate line items.
- During the warranty period, the bidder shall be fully responsible for the manufacturers' warranty in respect of proper design, quality, and workmanship of all the systems supplied.
- During the warranty period, preventive maintenance and repairs of equipment supplied by the bidder are the responsibilities of the bidder. The bidder shall attend to all the hardware problems on site and also replace the defective parts at no extra cost to the purchaser.

#### **5. Evaluation of bids**

The technical bid will be evaluated first. Technical bids not meeting the specifications and tender requirements will be disqualified. The commercial bids of technically qualified bidders will be opened subsequently. The date and time of opening the commercial bid will be intimated to the technically qualified bidders. The lowest bid will be identified as the successful bid. In computing the commercial offer, the cost of the equipment, software, installation and commissioning charges, and warranty charges will be included.

#### **6. Additional guidelines**

- The equipment must be supplied within four weeks after receiving a firm purchase order from IISc and the installation has to be completed within a week after supply.
- A copy of the masked commercial bid has to be given in the technical offer.
- Delayed or incomplete tenders are liable to be rejected.
- The Technical and Commercial bids should be duly signed (on all pages) by an authorized representative of the bidder.
- In case of rupee offer, the GST at concessional rate and any other statutory levies should be shown separately and not included in the total amount, to enable IISc to avail exemption. IISc is eligible for 5% GST under concessional certificate.
- Offer should be valid for at least 45 days from the date of submission.
- IISc will place the purchase order only on the successful bidder.

#### **Important dates**

January 3, 2020: Enquiry letter sent to vendors and posted on IISc webpage.

January 9, 2020: Clarifications or queries may be sent to [css@iisc.ac.in](mailto:css@iisc.ac.in).

January 13, 2020: Pre-bid clarification meeting (Venue: 5.15 PM, A211, EE Dept., IISc).

January 20, 2020: Last date for submission of bids.

**The bids should reach the office of Department of Electrical Engineering (EE), Indian Institute of Science, Bangalore before 5.30 PM on January 20, 2020.** On the cover of the bid, the following must be mentioned: To the attention of Prof. Chandra Sekhar Seelamantula.
