

Paraspar, an initiative of the Office of Communications (OoC) at the Indian Institute of Science (IISc), is a platform for conversations about knowledge systems, particularly science.

PARASPAR

Special Webinar Series

invites you to a webinar on

Redesign the World: A Call to Global Action

Speaker:
Sam Pitroda
Inventor &
Entrepreneur

Date:
29 October 2021 (Friday)

Time:
4.00 pm

The webinar draws on the speaker's new book by the same title. The world was last designed seventy-five years ago, about the same time that Sam Pitroda was born. This design has outlived its utility. Hyperconnectivity and the COVID-19 pandemic offer a unique opportunity to redesign the world to take humanity to the next level. Redesigning the world is not about looking at it from the point of view of liberal or conservative; left or right; capitalism or socialism; public or private; democracy, dictatorship or monarchy; open or closed systems; rich or poor; urban or rural; east or west; white, brown, black or yellow. This proposed redesign of the world has the planet and its people at the centre; it is built on the foundations of sustainability, inclusion, equality, equity and justice so that everyone on earth can enjoy peace and prosperity. It is not an idealist or utopian vision, but one with humanity at its core. This book is about reshaping the world to meet the future challenges of our planet and our people.

All are welcome
