Section 2 – Eligibility Criteria

Prequalification criteria:

1. The Bidder’s firm should have existence for a minimum of 3 years. (Enclose Company Registration Certificate)
2. Please note that this is a **GTE exempt item** and hence preference to local bidders is not mandatory.
3. The Bidder must not be blacklisted/banned/suspended or have a record of any service-related dispute with any organization in India or elsewhere. A declaration to this effect has to be given as per Annexure 3.
4. Bidders offering imported products will fall under the category of non-local suppliers. They cannot claim themselves as Class 1 local suppliers/Class 2 local suppliers by claiming services such as transportation, insurance, installation, commissioning, training and other sales servicesupport like AMC/CMC, etc., as local value addition.
Section 3 – Terms and Conditions

**A) Submission of Tender:**

1. All documentations in the tender should be in English.

2. Tender should be submitted in two envelopes (two bid system).

   a. Technical Bid (Part-A) – Technical bid consisting of all technical details and check list for conformance to technical specifications. The proposal should contain a compliance table with 4 columns in addition to the ones in the technical requirements table that has been included with this RFQ below. The compliance table should include all the items in the same order and format. **The first column should describe your compliance in a “Yes” or “No” response. If “No” the second column should state the extent of deviation. The “third” column should state the reasons for the deviation if any.** The fourth column can be used to compare your tool with that of your competitors or provide details as requested in the technical requirements table below (suppliers who include any indication of prices in the technical bid will be automatically disqualified).

   b. Commercial Bid (Part-B) – Indicating item wise price for the items mentioned in the technical bid, **as per the format of quotation provided in tender**, and other commercial terms and conditions. **The commercial bid should be broken up to the maximum extent possible into separate items with a cost against each (in particular the optional items) to enable better comparison of price for various configurations across the bidders.** As an option, please provide itemized cost for any suggested accessories/add-ons that may enhance the usability, capability, accuracy or reliability of the tool. Vendors are encouraged to quote for as many add-ons as their tool portfolio permits.

3. The technical bid and price bid should each be placed in separate sealed covers, superscripting on both the envelopes the tender no. and the due date. Both these sealed covers are to be placed in a bigger cover which should also be sealed and duly superscripted with the Tender No, Tender Description & Due Date.

4. The SEALED COVER superscripting tender number / due date & should reach Chair’s Office, Centre for Nano Science and Engineering, Indian Institute of Science, Bangalore – 560012, India on or before due date mentioned in the tender notice. In case due date happens to be holiday the tender will be accepted and opened on the next working day. If the quotation cover is not sealed, it will be rejected.

5. All queries are to be addressed to the person identified in “Section 1 – Bid Schedule” of the tender notice.

6. GST/other taxes, levies etc., are to be indicated separately. The BIDDER should mention GST Registration and PAN in the tender document (Indian Bidders only).
7. If price is not quoted in Commercial Bid as per the format provided in tender document the bid is liable to be rejected.

8. The Institute reserves the right to accept or reject any bid and to annul the bidding process and reject all bids at any time prior to the award of contract, without there by incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders.

9. The technical proposal must include references of at least 3 previous installations done in India within last 5 years of similar equipment from the equipment manufacturer. Please provide the names and contact addresses of the three independent referees so that the committee can contact them independently to get reference.

10. The quotation should be on FOR - IISc Bangalore basis in INR only

B) Cancellation of Tender:
Notwithstanding anything specified in this tender document, IISc Bangalore, in its sole discretion, unconditionally and without having to assign any reason, reserves the rights:

a. To accept OR reject lowest tender or any other tender or all the tenders.
b. To accept any tender in full or in part.
c. To reject the tender, offer not confirming to the tender terms.

C) Validity of the Offer:
The offer shall be valid 90 Days from the date of opening of the commercial bid.

D) Evaluation of Offer:
1. The technical bid (Part A) will be opened first and evaluated.

2. Bidders meeting the required eligibility criteria as stated in Section 2 of this document shall only be considered for Commercial Bid (Part B) opening. Further, agencies not furnishing the documentary evidence as required will not be considered.

3. Pre-qualification of the bidders shall not imply final acceptance of the Commercial Bid. The agency may be rejected at any point during technical evaluation or during commercial evaluation. The decision in regard to acceptance and / or rejection of any offer in part or full shall be the sole discretion of IISc Bangalore, and decision in this regard shall be binding on the bidders.

4. The award of contract will be subject to acceptance of the terms and conditions stated in this tender.
5. Any offer which deviates from the vital conditions (as illustrated below) of the tender is liable to be rejected:
   
   a. Non-submission of complete offers.
   
   b. Receipt of bids after due date and time and or by email / fax (unless specified otherwise).
   
   c. Receipt of bids in open conditions.

6. In case any BIDDER is silent on any clauses mentioned in these tender documents, IISc Bangalore shall construe that the BIDDER had accepted the clauses as of the tender and no further claim will be entertained.

7. No revision in the terms and conditions quoted in the offer will be entertained after the last date and time fixed for receipt of tenders.

8. Lowest bid will be calculated based on the total price of all items tendered for Basic equipment along with accessories selected for installation, operation, preprocessing and post processing, optional items, recommended spares, warranty, annual maintenance contract.

E) Pre-requisites:
   
The bidder will provide the prerequisite installation requirement of the equipment along with the technical bid.

F) Warranty:

   The complete system is to be under warranty period of 4 years including free supply of consumables, spare parts and data analysis software from the date of functional installation. If the instrument is found to be defective, it has to be replaced or rectified at the cost of the bidder within 30 days from the date of receipt of written communications from IISc, Bangalore. If there is any delay in replacement or rectification, the warranty period should be correspondingly extended.

G) Annual Maintenance Contract:

   An annual maintenance contract for a period of 2 years post warranty should be provided on completion of warranty period.

H) Purchase Order:

   1. The order will be placed on the bidder whose bid is accepted by IISc based on the terms & conditions mentioned in the tender document.

   2. The quantity of the items in tender is only indicative. IISc, Bangalore reserves the right to increase /decrease the quantity of the items depending on the requirement.
3. If the quality of the product and service provided is not found satisfactory, IISc, Bangalore reserves the right to cancel or amend the contract.

I) Delivery, Installation and Training:
The bidder shall provide the lead time to delivery, installation and made functional at IISc, Bangalore from the date of receipt of purchase order. The system should be delivered, installed and made functional within 90 days from the date of receipt of purchase order. The supply of the items will be considered as effected only on satisfactory installation and inspection of the system and inspection of all the items and features/capabilities tested by the IISc, Bangalore. After successful installation and inspection, the date of taking over of entire system by the IISc, Bangalore shall be taken as the start of the warranty period. No partial shipment is allowed. The bidder should also arrange for technical training to the local facility technologists and users.

J) Payment Terms:
The payment will be determined after the mutual discussions with the successful bidder.

K) Statutory Variation:
Any statutory increase in the taxes and duties subsequent to bidder’s offer, if it takes place within the original contractual delivery date, will be borne by IISc, Bangalore subject to the claim being supported by documentary evidence. However, if any decrease takes place the advantage will have to be passed on to IISc, Bangalore.

L) Disputes and Jurisdiction:
Any legal disputes arising out of any breach of contract pertaining to this tender shall be settled in the court of competent jurisdiction located within the city of Bangalore, India.

M) General:
1. All amendments, time extension, clarifications etc., within the period of submission of the tender will be communicated electronically. No extension in the bid due date/time shall be considered on account of delay in receipt of any document(s) by mail.

2. The bidder may furnish any additional information, which is necessary to establish capabilities to successfully complete the envisaged work. It is however, advised not to furnish superfluous informat

3. The bidder may visit the installation site before submission of tender, with prior intimation.

4. All imported equipment should be quoted in the currency of the country of origin, and all locally sourced items should be quoted in Indian Rupees.

5. Any information furnished by the bidder found to be incorrect, either immediately or at a later date, would render the bidder liable to be debarred from tendering/taking up of work in IISc, Bangalore.
### A. Technical Specifications of High End Operating Microscope:-

<table>
<thead>
<tr>
<th>S.No</th>
<th>Specification</th>
<th>Essential/Optional</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>Fully motorized infinity corrected upright microscope stand for BF/DIC/Fluorescence with touch screen and remote control / switch and keys on the body for controlling motorized components of the microscope and safety features like interlock for lasers.</td>
<td>Essential</td>
</tr>
<tr>
<td>2.</td>
<td>Trinocular observation tube with three position prism for selection of light path for full observation to 10X eyepiece, 50% - 50% / 80% - 20% Camera Port - eyepiece, 100% Camera Port</td>
<td>Essential</td>
</tr>
<tr>
<td>3.</td>
<td>Programmable motorized X-Y scanning stage including multipoint, tile and mosaic imaging software</td>
<td>Essential</td>
</tr>
<tr>
<td>4.</td>
<td>Universal Sample Holder for slides, 35-60mm petridishes, 6/12/24 well plates, labtek chambers etc</td>
<td>Essential</td>
</tr>
<tr>
<td>5.</td>
<td>LED illumination with a minimum life time of 10,000 Hrs / Halogen lamp with 12V/100W power for bright field / DIC</td>
<td>Essential</td>
</tr>
<tr>
<td>6.</td>
<td>LED illumination for fluorescence catering to the following fluorophores (in #7) to be included with a lifetime of &gt; 20,000 hours.</td>
<td>Essential</td>
</tr>
<tr>
<td>7.</td>
<td>Band pass fluorescent filters for wavelengths in range: DAPI, CFP, GFP, Cy3, Cy5; atleast 4 empty filter cube: these are part of the turret</td>
<td>Essential</td>
</tr>
<tr>
<td>8.</td>
<td>Should have the provision of coupling additional laser/LED light sources for widefield fluorescence microscopy</td>
<td>Essential</td>
</tr>
<tr>
<td>9.</td>
<td>Motorized 6 position revolving DIC nosepiece, universal condenser (NA 0.55/WD.27mm or better) with modules for DIC and minimum 5 position turret.</td>
<td>Essential</td>
</tr>
<tr>
<td>10.</td>
<td>High precision Z-focus drive with step size of 25 nm or better. Should be equipped with escape (for anti-collision) and refocus mechanism</td>
<td>Essential</td>
</tr>
<tr>
<td>11.</td>
<td>Z-drift compensator for long time stability time lapse imaging (must use near IR light to detect the correct focus position).</td>
<td>Optional</td>
</tr>
<tr>
<td>12.</td>
<td>C Mount Adapter for Left Side 100% Port for mounting Camera.</td>
<td>Optional</td>
</tr>
<tr>
<td>13.</td>
<td>C Mount Adapter for Trinocular Port for mounting Camera.</td>
<td>Essential</td>
</tr>
<tr>
<td>14.</td>
<td>10X Eye Piece with FOV 20mm or better.</td>
<td>Essential</td>
</tr>
<tr>
<td>15.</td>
<td>Plan apochromatically corrected (correction of chromatic and spherical aberrations from 400nm – 900nm) / infinity corrected optics consisting of following objectives: 4X air objective NA ≥ 0.2; 10X air objective NA ≥ 0.4; 20X air objective long working distance NA ≥ 0.7; 20X water dipping objective NA ≥ 0.5; WD ≥ 1 mm; 40X air objective long working distance with NA ≥ 0.6; 40X water dipping objective NA ≥ 0.8; WD ≥ 2mm; DIC modules for 10X - 60X</td>
<td>Essential</td>
</tr>
<tr>
<td>16.</td>
<td>Plan super apochromat objective - 60x; NA ≥ 0.8 water dipping / immersion</td>
<td>Optional</td>
</tr>
<tr>
<td>No.</td>
<td>Item Description</td>
<td>Type</td>
</tr>
<tr>
<td>------</td>
<td>---------------------------------------------------------------------------------------------------------------------------------------------------</td>
<td>--------</td>
</tr>
<tr>
<td>17.</td>
<td>Plan super apochromat objective - 60X; NA ≥ 1.0 oil immersion</td>
<td>Optional</td>
</tr>
<tr>
<td>18.</td>
<td>Motorized 6 position fluorescent mirror turret, with motorized shutter</td>
<td>Essential</td>
</tr>
<tr>
<td>19.</td>
<td>Monochrome sCMOS camera with dynamic range of 20,000 or better for wide field imaging in epi-fluorescence (reflected fluorescence). Minimum resolution of 2048 x 2048 pixels. QE between 400 to 850 nm should be greater than 45%, with peak QE at least 80%. Minimum full resolution frame rate 30 fps.</td>
<td>Essential</td>
</tr>
<tr>
<td>20.</td>
<td>The system should be capable of reflected light microscopy in wide-field, fluorescence and confocal modes, with appropriate vertical illuminators and epi-plan objectives.</td>
<td>Essential</td>
</tr>
<tr>
<td>21.</td>
<td>High speed connection (camera link, CoaXPress etc.) for full resolution frame rates of 100 fps for the CCD or sCMOS camera</td>
<td>Optional</td>
</tr>
<tr>
<td>22.</td>
<td>CO₂ Incubation System with temperature and Humidity Control. The parameters of the incubation system should be controlled by software.</td>
<td>Essential</td>
</tr>
<tr>
<td>23.</td>
<td>The system should have at least 2 high sensitive GaAsP/HyD detectors having at least 45% QE and 2 PMT detectors and should be capable of simultaneous detection of 4 fluorophores. PMT detector for transmitted light for brightfield / DIC imaging with motorized switching.</td>
<td>Essential</td>
</tr>
<tr>
<td>24.</td>
<td>Hybrid XY scanner with scanning speed of 25 fps or better at 512 x 512 pixels</td>
<td>Essential</td>
</tr>
<tr>
<td>25.</td>
<td>Variable pinhole with confocal zoom of at least 1-40. Should be capable of both spectral and conventional imaging. The system should be able to perform both online and offline spectral unmixing.</td>
<td>Essential</td>
</tr>
<tr>
<td>26.</td>
<td>Scan Resolution of 8K x 8K with a confocal depth of 80μm or better</td>
<td>Essential</td>
</tr>
<tr>
<td>27.</td>
<td>FOV (field of view) of 20mm or better</td>
<td>Essential</td>
</tr>
<tr>
<td>28.</td>
<td>Laser combiner with 4 solid state Lasers, of wavelengths in these ranges: 400-410, 480-490, 530-578 &amp; 620-660 nm, with minimum powers of 15mW with fast laser switching capability (using either AOTF or some similar technology: please specify). All the built-in lasers should be usable in future for FCS and FCCS upgradation. Option to add extra laser later.</td>
<td>Essential</td>
</tr>
<tr>
<td>29.</td>
<td>Solid state diode laser 594 nm for dedicated mCherry applications</td>
<td>Optional</td>
</tr>
<tr>
<td>30.</td>
<td>Capability to replace the vendor supplied laser with a user supplied laser.</td>
<td>Essential</td>
</tr>
<tr>
<td>31.</td>
<td>Cost of the replacement of necessary components to be quoted as optional items.</td>
<td>Optional</td>
</tr>
<tr>
<td>32.</td>
<td>System should be capable of any hardware upgradation in future</td>
<td>Essential</td>
</tr>
<tr>
<td>33.</td>
<td>Software should be capable of controlling every component of the system including microscope, camera, laser and confocal unit. Should be compatible for 3D, 4D, 5D and 6D imaging (X,Y,Z,t,multi color, multi point). Image stitching in coordination with XYZ stage. The software should be able to record and store all the metadata for future access and reproducibility of imaging parameters. The software should have the capability to control third party hardware through DAQ interface. The software should also be capable to export data in format which can be used for third party software such as matlab/labview for customised applications.</td>
<td>Essential</td>
</tr>
</tbody>
</table>
34. Advanced 3D image reconstruction with rendering from a Z-stack image series including 3D deconvolution capability in widefield and confocal modalities.  

Essential

35. Software should have AI based module for segmentation and downstream processing analysis.  

Essential

36. High-end 64-bit control computer with minimum Intel Xeon Processor, Win Pro or better, DDR4 RAM 64 GB or more; 256 GB SSD or better; HDD: 2 TB SATA or more, NVIDIA graphics card 8 GB or better, USB 3.0. 1 x 27” Monitor or better.  

Essential

37. Additional offline software with complete features as the main software with high end PC and monitor (same specs as the main system) should be made available.  

Essential

38. Active anti-vibration isolation table of appropriate size with breadboard table-top  

Essential

39. Online UPS for the complete system including lasers should be included in the supply. The system should have a dedicated online branded UPS system with at least 30 min back up for the whole system.  

Essential

40. Triggering and external instrument control capability for complex integration of the system  

Optional

41. Advanced Image capture and processing software for 2D deconvolution, co-localization analysis, 3D restoration, batch processing, on-line analysis, time-lapse imaging, movie acquisition; software capability to perform FRAP / photoactivation / phototransport (provide details as appropriate)  

Essential

42. Capability to perform FRET and ratio imaging for Calcium (provide details as appropriate)  

Optional

43. Capability to perform FCS (provide details as appropriate)  

Optional

44. Lens cleaning papers, immersion oil and standard slides for calibration should be provided at the time of installation.  

Essential

45. Trained manpower support for one year cost to be borne by the vendor.  

Optional

B. Training and demonstration

Training on usage of the machine (hardware and software) must be demonstrated by the successful bidder at bidder’s cost to the end users at IISc, Bangalore. The vendor should be responsible for the complete system installation, functioning maintenance, and training by trained personnel. Bidders should clearly specify the after sales service/application support capabilities without any additional cost.

Section 5 – Technical Bid

The technical bid should furnish all requirements of the tender along with all annexure in this section and submitted to

The Chairperson,
Annexure-1:
Details of the Bidder
The bidder must provide the following mandatory information & attach supporting documents wherever mentioned:

**Details of the Bidder**

Section 7 – Checklist

(This should be enclosed with technical bid- Part A)
The following items must be checked before the Bid is submitted:

1. Sealed Envelope “A”: Technical Bid
   1. Section 5- Technical Bid (each page signed by the authorized signatory and sealed) with the below annexures:
      a. Annexure 1: Bidders details
      b. Annexure 2: Declaration regarding experience
      c. Annexure 3: Declaration regarding clean track record
      d. Annexure 4: Declaration for acceptance of terms and conditions
      e. Annexure 5: Details of items quoted
   2. Copy of this tender document duly signed by the authorized signatory on every page and sealed.

2. Sealed Envelope “B”: Commercial Bid
   Section 6: Commercial Bid

   Your quotation must be submitted in two envelopes: Technical Bid (Envelope A) and Commercial Bid (Envelope B) super scribing on both the envelopes with Tender No. and due date and both of these in sealed covers and put in a bigger cover which should also be sealed and duly super scribed with Tender No., Tender description & Due Date.
