Global Tender Notification for supply of **Pump laser diode for Ultrafast Laser (to pump pre-existing femtosecond ultra-fast laser system (Intense Pulse Light Device for existing Confocal Microscope))**

**Terms and Conditions**

1. The quotations should be submitted in two bids i.e., Technical bid and Commercial bid to the address specified at the end of this tender.
   a. The technical bid must include details of all technical specifications of the unit (detailed below) along with commercial terms and conditions masking only the price component. Bill of materials, brochures, technical datasheets, and any other document may be enclosed to help the evaluation of the technical bid. Please also include warranty terms and any other information on upgradation terms in the technical bid.
   b. The commercial bid must include the price of the unit indicating break up of:
      I. For goods:
         i. Installation, commissioning and training charges, including any incidental expenses if any.
         ii. Agency commission charges, if any.
         iii. Provide certificates for the country of origin of manufacturing for each line item.
      II. Price of every line item in the commercial bid should be quoted along with the total quoted price for the unit to be operational (fixed and ready to use) in the lab or department.
   c. Both the Technical and Commercial bid should be put in separate sealed envelopes and put together in another cover stating, **Pump laser diode for Ultrafast Laser (to pump pre-existing femtosecond ultra-fast laser system (Intense Pulse Light Device for existing Confocal Microscope)).**

2. All components listed for the unit must come from a single vendor, and functional integration of all parts is necessary. The vendor should have a good track record of having previously supplied **Pump laser diode for Ultrafast Laser (to pump pre-existing femtosecond ultra-fast laser system (Intense Pulse Light Device for existing Confocal Microscope))** in India or abroad (please furnish details).

3. The quotations should include CIF, IISc Bangalore

4. The validity period of the quotation should be 90 days.

5. If the goods are found to be defective, they must be replaced or rectified at the cost of the supplier within 30 days from the date of receipt of written communication from us. If there is any delay in replacement or rectification, the warranty period should be correspondingly extended.

6. The purchaser reserves the right to accept or reject any bid and to annul the bidding process and reject all bids at any time to award without thereby incurring any liability of the affected bidder or bidders.
7. The technical proposal should contain a compliance table beside the technical specifications listed in the description section below.

8. The compliance table should include all the items in the same order. The first column should describe your compliance in a “Yes” or “No” response. If “No,” the second column should state the extent of the deviation. The “third” column should state the reasons for the deviation, if any. The fourth column can be used to compare your solution with that of your competitors or provide details as requested in the technical requirements table below.

9. Please submit the proposal by courier to the address specified at the end of this tender. The deadline for submission of proposals is the 23rd of Feb 2024, by 5 pm.

**Pump Laser Technical Specifications:**

1. Output Power- 15W  
2. Wavelength- 532 nm  
3. Spatial Mode- TEM00  
4. Beam Quality (M2)- <1.1  
5. Beam Diameter (1/e2)- 2.3 mm ±10%  
6. Beam Divergence- <0.5 mrad  
7. Polarization- >100:1 vertical  
8. Power Stability- ±1%  
10. Noise- <0.04% rms

Please provide documentary evidence as required for the above mentioned specifications.
