

India Japan STI Forum Conference 2025

3rd edition

December 4–5, 2025
Indian Institute of Science,
Bengaluru

Co-organisers

Sponsors

We're back at IISc Bengaluru!

After successful editions in India (2023) and Japan (2024), the India–Japan Science Technology Innovation Forum returns for its third year – with the conference **“Innovative Solutions for India–Japan Synergy”**.

Featuring eminent speakers such as Amb. Raj Kumar Srivastava (MEA, Govt. of India), Dr. Sapna Poti (Director, Strategic Alliances, PSA, Govt. of India), alongside leaders from academia, industry, and government from India and Japan.

This December, join us for two days of big ideas, bold innovations, and collaborations to co-create impactful solutions for a sustainable future.

When: December 4–5, 2025

Where: Faculty Hall, IISc Main Building, Bengaluru

Format: In-person

Why Attend:

- Explore AI & DeepTech breakthroughs
- Shape strategic economic partnerships
- Co-design a sustainable future
- Build skills for resilience & innovation

Join us in shaping pathways for innovation, collaboration, and resilience across India and Japan.

Seats are limited — register today!
