**Advertisement for Research Associate/Postdoc position in The Ram Lab -
Advanced Sustainable Functional Materials Group**

(<https://sites.google.com/view/theramlab/>)

Job Summary: We are looking for an RA/postdoc to work on a Ministry of Mines-funded project on the recovery of rare earth elements from spent permanent magnets. This requires expertise in the synthesis and processing of polymeric materials, experimental hydrometallurgy, adsorption kinetics, and an understanding of ion & mass transport.

No. of positions: One (01)

Duration: 1+1 years, initial appointment for 3 months, which will be extended if performance is found to be satisfactory.

Deadline to apply: 13th August 2026.

Required Qualifications: Apply if you have submitted or defended your thesis in chemistry, polymer chemistry, polymer science and engineering, materials chemistry, or materials engineering. Please don't apply if you are from physics, electronics, mechanical, or any other stream.

Salary: As Per IISc Norms
